## 3 INJURED IN TRAIN CRASH AT ALLIANCE

Express Plows Into Derailed Cars of Pennsylvania Freight

ALLIANCE, Feb. 14—Three trainmen were recovering today from minor injuries suffered last night when a west-bound Pennsylvania railroad express plowed into some overturned freight cars a mile west of Alliance.

Injured were T. A. Egan, engineer; J. B. Bechtold, fireman, and W. H. Thrig, brakeman, all crew members of the express train. Two express messengers also were shaken up.

The three crew members were treated at the Alliance City hospital. Their addresses were not immediately available.

**8 Cars Overturn**  
Railroad officials said the accident occurred soon after eight cars of an east-bound freight train were derailed and overturned onto the west-bound track.

The express train ran into the overturned cars seconds later. The locomotive and two cars were derailed.

Passenger trains were re-routed until wreckage of the two trains was cleared from the tracks this morning.

**Jumps To Safety**

EAST PALESTINE, Feb. 14—An East Palestine man, Walter Davidson, 216 E. North ave., jumped to safety Friday night just before a Pennsylvania railroad passenger train smashed his stalled truck to bits on a crossing here.

Davidson, a tinner, was returning about 6:30 from a job on E. Main st. when the truck's motor went dead on the north section of the four-lane tracks at the Electrical Interlocking crossing on the eastern edge of the town.

He saw the on-coming train and dashed to safety just before it struck the truck—a 1934 model Chevrolet pick-up type. He said valuable tools and dies also were lost.

## Meiter Service Station Burglarized On Friday

The Meiter service station at 392 W. State st. was broken into between 10 p. m. Friday and 8 a. m. today, police reported, the burglars looting a pin ball machine and soft drink dispenser.

Entrance was gained by prying the lock from the rear door. Both machines were smashed and their coins emptied. Any other losses were not determined this morning.

## POLICEMEN BRING 'DEAD' BABY TO LIFE

Three-week-old Dale Gabor, left, above, had stopped breathing for more than 30 minutes and was apparently dead in Cleveland's St. Alexis hospital. But policemen Anton Plute and Edward Campbell, at the hospital on a routine assignment, brought the "dead" baby back to life. Mrs. Lottie Gabor was awakened when her newborn started coughing. She noticed he was gasping and tried breath-

ing into his mouth for an hour. Failing to revive him, the frantic mother rushed to the hospital, where doctors vainly used artificial respiration and stimulants, even after Dale had stopped breathing. It was then Plute and Campbell arrived. They used their ambulance's resuscitator and within 15 minutes the baby was breathing again. It was the third time in 18 months Plute had saved a child's life. At right, above, Plute, left, and Campbell signal "all's well."

## Bad Weather Cuts Down Attendance At Church Rites

Owing to the inclement weather the World Day of Prayer services Friday in the Christian church were not as well attended as in former years.

"The Lord's Prayer" was the general topic.

Rev. George C. Beebe, pastor of the Methodist church, spoke at the afternoon service, used for his subject, "Thy Kingdom Come."

Rev. John Bauman of the Emmanuel Lutheran church, and Rev. Charles Dalley of the Damascus Methodist church, also gave talks on "Forgive Us Our Trespases" and "Thy Will Be Done."

## Cancer Society Meets Here Monday To Plan Campaign

Preparing for the annual fund campaign of the American Cancer society, officials and campaign leaders of the Columbiana county unit will meet Monday night at the Lape hotel to lay the groundwork for this year's solicitation.

The campaign, as usual, will occupy all of the month of April. Serving as this year's county chairman will be Leonard C. Webber of East Liverpool. His appointment was announced by Mrs. Stanley Galeski of East Liverpool, commander of the Columbiana county unit of the society.

Leading the drive in Salem, Mrs. Galeski said, will be the Junior Chamber of Commerce with D. J. Rosenberry as chairman.

Mrs. Galeski also said Mrs. Ethel Lynn Wambaugh will serve as East Liverpool city chairman. The campaign will be handled by the Business & Professional Women's club.

In Lisbon, the American Legion women's auxiliary will handle the solicitation with Miss Sue Webber as chairman.

Wellsville's campaign will be in charge of the Women's Art club with Mrs. Edgar Platt chairman.

Mrs. Galeski said other local campaigns will be organized in the county as quickly as local leadership can be found.

One of the projects the society hopes will result from this year's campaign, Mrs. Galeski said, is the establishment of a cancer detection center at Lisbon where specially-trained investigators will examine cases of cancer suspects.

## Land Forfeiture Sales Scheduled

LISBON, Feb. 14—The first of approximately 4,000 parcels of forfeited lands will be placed on sale in the courthouse here Monday, with sales continuing through Sept. 30.

The sales will be conducted in courtroom No. 2 by J. E. Johnston, deputy in charge of tax delinquencies in the office of County Auditor Irvin J. Verndorn.

Property owners interested in redeeming lands forfeited to the state, may do so prior to 9:30 a. m. on advertised date of sale of the premises, when parcels will be offered for taxes, interest and court costs.

Should no bid be made in that amount, bids will then be accepted in any amount and property will be sold to the highest bidder regardless of the amount due on the property.

First property to be offered at the tax forfeiture sales is 627 parcels of Belle Mackey and Milton Mackey located in Salem Heights allotment to the city of Salem, with Salem and Perry township sales listed through April 27.

Surviving in addition to her husband, are two sisters, Mrs. Russell Mounts of Youngstown and Mrs. Leora Hole of Richmond, Calif.

Funeral service will be held at 2 p. m. Monday at the Cassaday-Turk funeral home, in charge of Dr. John V. Stephens of the Presbyterian church.

Burial will be in Grandview cemetery here.

Friends may call Sunday afternoon and evening at the funeral home.

## Coppock To Speak Here On Sunday

Homer J. Coppock, executive secretary of the relief office of the American Friends Service committee, who recently returned from a tour of England and Europe, will speak at 3 p. m. Sunday at the Sixth Street Friends meetinghouse.

At 7:30 in the evening he will address a union meeting at the Zion Hill Church of the Brethren, north of Columbiana. The public is invited to both meetings.

Coppock's work, which has to do with the securing of grain and funds for European relief, is especially concerned with promoting a child feeding project. He will tell what is being done for the undernourished, having first-hand information garnered on his recent trip through war-torn countries abroad.

A native of Columbiana county, Coppock, as executive secretary, has his headquarters at Richmond, Ind.

## Tariff Cuts Worry To Potters

NEW YORK — American makers of china and earthenware have more business than they can handle just now.

They are worried, nevertheless, about recent tariff cuts and possible revival of Japanese competition which hurt them so much in the 1930's.

They do not share the view of some dealers that there is plenty of market room here for both U. S. and Japanese production.

James K. Love, president of the United States Pottery Association, disagreed sharply from the idea that Japanese and American offerings to chinaware users are on divergent and non-competitive lines. Love is vice president and treasurer of the Shenango (Pa.) Pottery Co. He told the United Press:

"Our best information is that the cost of labor in Japan is approximately one-ninth of the cost of the same labor in the United States. American labor constitutes from 60 to 85 percent of the factory selling price of American china."

"Thus it is easy to understand why Japan can manufacture ware, pay the tariff, and land it in the United States at a price to the dealer which is considerably less than the American cost of production."

"Japanese china was accepted in large quantities before the war by the American housewife. There is no reason to doubt that it will not be accepted now. When imported in quantities comparable to those imported before the war, it will constitute a serious threat to the American chinaware industry."

## Decry Forrestal Rule On Speeches

WASHINGTON, Feb. 14—Three senators complained today the Secretary of Defense is trying to "gag" the armed forces.

Secretary Forrestal has ordered all Army, Navy and Air Force men to give his office a first look at any future statements or speeches on controversial subjects.

He said that includes testimony to congressional committees. The idea, he explained, is to stop "public evidence of friction" among the rival arms.

"An Iron Curtain," snapped Senator Johnson (D-Colo.).

"I don't want the admirals and generals to be a-feeding, a-fighting and a-fusing in public but I do want them free to express their opinion."

Chairman Curney (R-SD) of the senate armed services committee said he is so "concerned" about the order he will ask his group to "discuss it at our first session."

"I take it we are a free country," Curney told a reporter. "I see no reason why the public should not be as fully informed as possible by those qualified to speak upon matters of national interest."

Senator Morse (R-Ore.), a member of the committee, agreed.

He said congress expects all military personnel to give information "without censorship and without fear of discipline being suffered by the witness."

Senator Thomas (D-Utah) who headed the military committee when Democrats controlled the senate, took a different view. He said the rule actually might result in "better and freer testimony."

Too many times, he explained, Army and Navy officers who are witnesses before congressional committees "must go back and get information from superiors."

Now they can come up here better prepared," he said. "I assume that the order will not prevent a witness from expressing an honest difference of opinion."

## SENATORS AIR ERP CUT VIEWS BEFORE DEBATE

New Compromise In Senate Discussed After Committee Report

(By Associated Press)  
WASHINGTON, Feb. 14—The senate foreign relations committee today offered congress a way to get the Marshall plan started for \$5,300,000,000 (B).

It has agreed to recommend that sum for European recovery during the first 12 months instead of the \$6,800,000,000 President Truman asked for 15 months.

First reaction of the Marshall plan critics gave the compromise little encouragement.

**Says Same Plan**  
"When you analyze it, it's no different than it was," said Senator Wherry (R-Neb.), the assistant majority leader. Wherry is one of a group of 20 GOP senators who are determined to tone down the whole foreign aid program.

He said the committee plan would merely delay bigger appropriations for the 16 Western European nations until next year.

"They are doing that because it makes the figure smaller," Wherry told a reporter. "They think they'll pick up a few votes."

Chairman Vandenberg (R-Mich.) was quick to concede there would be little actual saving. The spending rate per month would be around \$11,666,666 lower, or a total of \$140,000,000 for the first year.

But Vandenberg said he regards the committee draft as a big improvement over the original bill from the state department.

Subject to a final vote next Tuesday, the committee last yesterday decided unanimously to recommend that congress:

1. Approve in principle a four-year European Recovery Program, as asked by President Truman.

2. Authorize \$5,300,000,000 for the 12 months beginning next April 1.

3. Set up an independent agency, headed by an administrator with cabinet officer rank, to run the show. The administration wanted it to be handled by the State department.

Present plans are to send the bill to the senate for debate starting March 1.

**Rule On Speeches**

**COURT PROBATION IS 26 PER CENT**  
LISBON, Feb. 14—A survey of criminal records in Columbiana county reveals that over a period of five years covered by probation approximately 26 per cent of the persons who either entered pleas of guilty or were convicted in common pleas court, are on probation from the court.

Probations usually are for five-year periods during obedience to terms laid down by the court with violation resulting in sentence from the court.

At present there are 57 persons on probation in this county, while 100 were sentenced by the court in the five year period, and ten others were sentenced for violation of terms of their probation, according to court records.

## Swollen Rivers Well Over Banks, Dislodge Families

(By Associated Press)  
Rivers in four Southern states, swollen and impatient of confinement within normal channels, welled over their banks in angry waves today, driving hundreds from their homes.

Even as the floods added to the South's woes, aggravated by weeks of rain, sleet and snow, Mississippi counted five dead and 25 injured in two tornadoes yesterday.

Added to the misery of the water was a forecast in the four affected states—Tennessee, Kentucky, West Virginia and Mississippi—for near freezing weather and possibly some light snow.

Meanwhile, Tennessee, already plagued by rampaging rivers in the central section of the state anxiously eyed the massive river of the same name and the Cumberland which winds through the heart of Nashville.

Chattanooga expected the Tennessee to crest there at midnight tonight at 4.5 feet above flood stage. Already the river stands a foot over the safety mark of 30 feet. Lowlands are flooded.

**Cumberland Threatens**  
The Cumberland, with a flood stage of 40 feet—was standing at 43.5 and threatening to go higher. Business and home along its precipitous banks prepared for the worst.

The first of the tornadoes rose near Newton, Miss., shortly after noon yesterday, struck a zig-zag course around the town and flattened 30 homes and an airport hangar.

The second of the twisters struck 10 miles south of McTeeville, Miss., but only two houses were destroyed. While the danger of tornadoes was lessened by a cold wave spreading over the region, there was another threat in the steady rise of waters in Tennessee, Kentucky, Mississippi and West Virginia.

Rivers throughout these four states began cresting yesterday, overflowing banks in a wild effort to be rid of the overburden of weeks of snow and rain. Travel was disrupted.

The area around Shelbyville in mid-Tennessee apparently was one of the hardest hit by floods. The Duck river was running amok.

Shelbyville City Manager R. Bailey Jackson said 100 families already had been evacuated and water now covered one fourth of the city.

At Nashville, Adj. Gen. Hilton Butler alerted the National Guard to standby for emergency duty. He estimated more than 450 families already homeless in the state.

Down river at Columbia, the flood waters rose to 48 feet, highest since 1920. The city was split in half as water rippled two feet over the Bridge in the middle. Approximately 150 families have been removed from their homes.

Lowlanders of Murfreesboro, Fayetteville, Lancaster, Carthage, Lebanon and other cities in the area were also driven from their homes.

Five passenger trains, including the Nashville, Chattanooga, and St. Louis crack "Georgian," were held up by flood waters over the tracks.

**Master Saboteur**  
ARRIVING in New York on the Queen Mary for a lecture tour of the U. S., is Col. James Riley Hold Hutchinson, Glasgow, Scotland, a wartime director of the French underground. Known then as "Col. Hastings," he organized Maquis groups for acts of sabotage against the Nazis. As a member of British Intelligence, he feared he might be recognized and underwent a plastic surgery operation to make a change in his appearance. (International)

**Mark 20th Anniversary**  
Herron Company Has Grown Into Large Trucking Firm

Arthur J. Herron and his two sons, Gail and Rollin, on Friday observed the 20th anniversary of the start of their firm, the Herron Transfer Co. of 1928 Franklin st., which was founded Feb. 13, 1928.

It was a double celebration for the Herrons, as their company moved its office and operations into a new, large concrete building this week. The structure, recently completed, is located on the rear of their property.

In addition, the firm, until this year owned and operated by A. J. Herron, was incorporated Jan. 1, with both his sons listed as incorporators. Mr. Herron is president of the firm, Gail, vice president, Rollin, treasurer, and Mrs. Alice Oana, secretary.

The history and operation of the trucking and storage company is an interesting one and probably is unknown to most local citizens.

Herron purchased the firm from the estate of the late W. H. Ritz in 1928 and began operations moving only household goods on local and long distance hauls. His equipment consisted of two vans and one employee.

**18 Are Employed**  
The growth of the company is evident in that today it employs 18 persons, 16 of whom are truck drivers, has 13 tractors, 16 trailers and three straight trucks.

The Herron company engages mostly in hauling locally manufactured goods to points in Ohio, New York, New Jersey, Pennsylvania, Indiana, Illinois, West Virginia and Michigan on irregular runs.

No trips are made for other than local firms.

## Boy Scouts of America

The Boy Scouts of America became 38 years of age this week and Salem scouts joined in the week-long celebration.

We know of no greater observance in the interest of youth than this big national birthday. The scout typifies the real American boy and we are proud of him and his endeavors.

Satisfaction is something the scout achieves. However, the benefits derived by those of us who are affected by his efforts go far beyond mere satisfaction.

Scouting in Salem and Columbiana county has made great strides lately due to the cooperative efforts of the boys themselves and the adult leaders who take time from their business cares to do what they can to help the boys of today grow up to be better men in the world tomorrow.

## The Report Is Favorable

Return of Washington's Senator Cordon from Hawaii with a favorable report on the statehood bill should bring the measure to a vote in the upper house.

With Republican and Democratic leaders are supporting it. There is no reason for further delay. The islands have been seeking statehood more than 20 years. Scores of congressmen have visited them on inspection tours and most of their reports have been favorable. Hawaii's congressional delegates and the Interior and Commerce departments have reams of statistics about the islands' wealth, trade, racial amity, education, health, etc. If the islands ever are to receive statehood they deserve it now.

The house passed the measure last year, but unless the senate votes on it before adjournment, the lower chamber's vote will be nullified. When one house passes a bill during the first session of a congressional term, the other chamber has a duty to act on the measure during the same term.

## Miss Kellems Is Back

Vivien Kellems, the lady industrialist of Western, Conn., is back in the news, the first time since 1944 when she started a one-woman income tax revolt that flared out in unsavory rumors about some letters which the office of censorship had picked up. These were turned over eventually to a congressional subcommittee—and Miss Kellems, presumably, continued to pay income taxes.

She has a new revolt now. She challenges the federal government to make her withhold income tax payments from her employees' wages. If she is going to be a tax collector, she says, she wants to be paid a salary for it. Of course if that's the way she feels, she's entitled to her opinion.

But there will be dissent from her opinion, plenty of it. It will be based on two convictions:

1. The withholding tax (the Ruml plan, adopted in June 1943) is the conveyance way to collect federal income at the rate which was necessary during wartime and is still in effect. Either the tax payments have to be made currently at the source, or many of them can't be made at all.

2. Employers as a whole, realizing this and wanting to help their employees, do not begrudge the cost of doing this work for the government. They think of it, rather, as a service to their employees. For employers it means the addition of a relatively small cost item. For the government it would mean the outlay of millions of dollars that would be added to the already exorbitant tax bill. See, Miss Kellems?

## A System That Works

To hear some do-gooders tell it, this country is in a bad way. But it doesn't look that way to the London sphere, which observes that America, with only 6 percent of the world's area and 7 percent of its population, consumes 48 percent of the world's coffee 52 percent of its wool, 56 percent of it rubber and 72 percent of its silk.

Americans produce 60 percent of the world's wheat, 50 percent of its copper and 60 percent of its crude petroleum. We have 60 percent of the world's telephones, 33 percent of the railroads and 80 percent of the motorcars. The purchasing power of 140,000,000 Americans is greater than that of 500,000,000 Europeans.

An incentive system which can inspire production to that degree can't be sneered off by those who would substitute political management for individual initiative and supervision.

## The New Chief of Staff

The nation is fortunate in having such a man as Gen. Omar N. Bradley to take over as army chief of staff with the departure of Gen. Eisenhower, although his outstanding war record won him the title of "tactician of the west." Gen. Bradley has other characteristics which should make him an eminent peacetime chief of staff.

Those characteristics are evident in a statement he made the other day. He said, "I do not for a moment believe the army is a sacred institution to be protected by the illusion that it can do no wrong. Generals are just plain people—and like anyone else they are often wrong. During the war mistakes were made—many of them let us remember that human nature doesn't change when you wrap it up in a uniform."

Armies too often are commanded by martinets, stiff-necked doctrinaires who forget nothing, learn nothing and never concede an error. Gen. Bradley isn't of this school. He will continue along the lines of his predecessors, Gen. Eisenhower and Gen. Marshall.

## The Stars Say

BY GENEVIEVE KEMBLE

Fr Sunday, February 15

Sunday's horoscope shows excellent stimulus for the intellectual faculties, in which versatility and diversified interests could afford much pleasure as well as some prized accomplishment.

Such might involve much stirring-about, literally or in the realm of the mind and aspirations. Affairs of the young should flourish and afford much pleasure or excitement. Joint interests are encouraged under new contracts or understandings. New deals should thrive.

## For the Birthday

Those whose birthday it is may prepare for a year of change, travel, new contacts and agreements, in which writings, publicity, advertising and communications should be very active.

Speech making might be successful, probably in connection with affairs of the young and active, perhaps in athletics or sports. New associations and agreements might yield much pleasure. The mind is particularly alert and studious, prone to fresh slants on progressive lines.

A child born on this day has an exceptionally active and keen mind, with inclination to move about, travel, engage in writings and publicity. It should succeed and prosper in some cultural production.

## For Monday, February 16

Monday's astrological forecast is for the danger of overdoing and carrying all affairs of the day to heights of failure and probable loss.

Under an aggressive and strenuous impulse, the energies, activities, plans and projects may be carried to extremes and impulses and forces may be dominant rather than controlled in energies and tactics. Anger, strife, accidents and rebellion may cause grief, with separations, litigation, even fatality and ill health.

## On the Birthday

Those whose birthday it is may find themselves in a year of self-undoing, through the turbulence and strenuousness of their emotions, impulses and forces. Intellectual and physical urges may be carried to extremes, excesses and loss of opportunity, causing in harmony, quarrels, estrangements and personal dangers. Fire and accident may account such aggressive and turbulent behavior. Attend rigidly to organized programs.

A child born on this day, although being fond of labor, planning and social reflection, might also "fly off the handle," with little provocation to its great loss and detriment.

The "yes man" man round the house isn't always the "yes man" around the office.

Think what you will but have will enough to keep some of your unpleasant thoughts to yourself!

### Spring In Paris: New Hats Perch High Atop Head

From Paris collections, an example of Spring's sprightly look is the "perched" hat of white tulle, upper left, trimmed with navy organza and white-dotted navy veil. Black pique straw "plateau" lower left, is beaded with black lace and beaded with a diamond "feather." Shadow-crowned cloche of gray felt, upper right, is draped with a brown scarf which is a backdrop for diamond brooch. Tilted to one side, the pearl gray satin hat, lower right, is trimmed with ostrich plume and gray pearl-dotted veil.

## Wedding Treasure

NEW YORK—(NEA)—Wedding gowns of breath-taking sumptuousness are fashion's gift to today's bride.

Trains long enough to carpet church aisles unfold from wedding gowns of regal white satin. Finest antique lace or veil of illusion spreads filmy loveliness over dresses designed for one-occasion grandeur and destined to become heirlooms which future generations will treasure.

—EPSIE KINARD, NEA Fashion Editor

The traditional design for the formal wedding gown is unchanged by new fashions such as the one above which features a full skirt, moulded bodice, a high, round neck and long, tight sleeves. One notable exception is the tradition-flouting style, right, of Mildred O'Quinn's. This gown has short puffed sleeves, low-cut décolletage.

### WE, THE WOMEN

"Every disrespectful remark about the marriage partner, such as 'the boss,' 'the old bat,' 'the shrew,' 'the ball and chain,' is an unconscious but direct attack upon the dignity of the marriage status." The quote didn't come from a woman but from a man—Dr. Albert A. Hall, professor of philosophy at De Paul University. So think it over, husbands. The professor's right. And he didn't tell the whole story.

When you refer to your wife as "the boss," you're actually putting both yourself and your wife, as well as the institution of marriage, in an uncomplimentary light.

You're announcing to the world that you're a henpecked husband whose wife rules the roost. You're admitting you resent it but aren't man enough to do anything about it.

And you're making your wife out a bossy, domineering, possessive woman. That's not a very pretty picture of the woman you chose to take your name and live with you through the years.

### No Joke To Wives

Oh, sure, you can say you're just being funny when you make such remarks. You can always count on a laugh from the other men present. But did you ever look at your wife after a remark like that? You can bet she didn't think it was funny.

The laughs you got were at her expense. Unless you make your living being funny, you don't really need laughs that badly, do you?

### Social Situations

SITUATION: You are inviting someone to visit you for several days and, as part of the entertainment, you have planned some type of outdoor sports participation.

WRONG WAY: Say nothing about that when you invite the guest.

RIGHT WAY: Mention the plans in the invitation, so the guest will bring the proper clothes and equipment for the sport.

## Winchell Declares N. Y. On Dewey Side; Sees Truman Defeat

BY WALTER WINCHELL

(Special Dispatch To International News Service)

NEW YORK, Feb. 14—Tammany's Bronx chieftain Ed Flynn, New York's top political boss, visited the White House this week, and Washington Democrats flatly state that Flynn has put N. Y. state in the Dewey column.

If true, this confirms this reporter's "tip" that New York may be lost to the Democrats.

Mr. Flynn emphatically told party chiefs that he would not accept alliance with even the non-Communist liberal party in New York.

The N. Y. political boss stated his position firmly and said that if the White House disagreed, he was frankly willing to resume his position as merely Democratic chairman of the Bronx.

All of which presented the White House with a deep dilemma—because the N. Y. liberal vote has the margin of victory for Truman, if any.

The revolt of the liberals against President Truman, who say "we finally found him out," is so serious that Les Biddle, the secretary of the senate Democratic policy committee, is trying to act as peacemaker. Many Democratic congressmen openly "don't care if Truman wins or loses in 1948."

As a result of Flynn's position and activities in Washington in the last week, Chairman Berle of the liberal party will personally denounce him over the air in N. Y. on Sunday night. He will charge that the Flynn position has destroyed not only the Roosevelt coalition, but will destroy Roosevelt's securities and exchange reforms.

The liberal party will also take sharp issue with Mayor O'Dwyer for asking Wallace back into the Democratic party. This means that the Roosevelt coalition, which kept N. Y. in the Democratic column for over 20 years, will be broken by 11 o'clock Sunday night, and that the Republicans are 3 to 1 to carry N. Y. state.

The Democratic party is more deeply split than at any time since Al Smith was nominated in 1938. The liberal break with Truman, unless remedied, will result in a worse showing by Truman in 1948 than John W. Davis made in 1924 on a similar Wall Street platform.

**COLUMBIANA**

Officers for 1948 were elected by the Columbian Music Study club at its meeting Wednesday evening at the home of Mrs. Woodward, N. Main st.

Those elected will not assume office until the first of the year. They are: President, Mrs. Frank Gibson; vice president, Mrs. E. E. Griffin; secretary, Mrs. J. A. Woodward; treasurer, Mrs. Robert Maurer. Mrs. Evan Roller was chairman of the nominating committee.

# Cincinnati Upsets Dukes In Third Major Victory

COLUMBUS, Feb. 14.—Illinois had the "Whiz Kids," Utah the "Blitz Kids" and now Ohio has the "upset kids"—Cincinnati's Bearcats.

Cincinnati's season-long record of 11 wins in 17 games is little better than average, but when it comes to knocking off front-running quintets, the Bearcats are champs.

They did it again last night, bumping mighty Duquesne in Cincinnati, 55-41. It was the Dukes' second loss in 17 games and "enabled" them to move alongside such other prominent Cincinnati upset victims as Butler and Butler.

While Cincy was manufacturing one of the season's biggest form reversals, the state's two pace-setting teams—in standings up to last night—were going down.

Xavier's drive for national recognition was shown at Louisville, 58-47, and Lincoln University of Missouri clipped Wilberforce State, 56-53. Those defeats paved the way for Toledo to take over the top rung in overall Ohio standings.

Elsewhere around the state, John Carroll piled up an early lead and then coasted to a 51-44 win over Detroit University; Baldwin Wallace blasted Dayton, 71-58, as Dick Selgo and Ed Hrivnak showed the way; Capital won its 10th game in 12 starts—69-43 over Hiram; Muskingum thumped Heidelberg in a free scoring affair, 95-60, as Muskie center Bill Ruby hit for 26; Oberlin took a thriller from Case Tech, 65-61; Rio Grande beat Detroit Tech, 61-56; in an overtime, and Mount Union scored its 12th win in 17 games by tripping Youngstown, 45-37.

Louisville stretched its winning streak to eight by snapping Xavier's at nine. Xavier trounced the Kentuckians last month at Cincinnati, 82-33, but it was a different story last night.

Cincinnati never was behind against Duquesne. Four Bearcats—Rubenstein, Dallmer, Richter and Laub—clicked for 10 points or more. Cincy pulled away in the first six minutes, and held a 26-18 halftime

# Quakers Subdue Determined Struthers 59-56

## FEWER UNBEATEN IN OHIO "A" RANKS

Findlay and Middies Roll To Easy Wins; Mansfield Madison Dropped

(By International News Service)

The thinning ranks of undefeated Class A High school basketball teams were poorer by one today following Mansfield Madison's 39-27 upset by Bucyrus.

The loss snapped a string of 15 straight Madison victories.

Middletown and Findlay, the "team to beat" in the Class A race, racked up their 15th and 17th straight, respectively. The defending champions Middies walked off Springfield, 51 to 30, while Findlay showed Bowling Green no mercy in an 80-to-29 walkaway.

Akron Garfield registered its 12th straight without defeat by running away from St. Vincent's, 69 to 58.

Mansfield increased its stature with a 53-to-44 trouncing of Massillon for its 10th straight home court victory. The Tigers have won 14 and lost four, while Massillon's loss was its fourth in 14 games.

Niles won its tenth in a row and 13th in 15 games when it edged rugged Girard, 30 to 27.

## Win With Last Half Rally; Kelly, Pager Feature Drive To Overcome 14 Point Deficit

BY BOB DIXON

The first of three pre-tournament "breathers" for the Salem High Quakers almost turned into a disaster Friday night when stubborn, determined Struthers five gave Bob Miller's cagers all they wanted before falling 59-56 to a tremendous last half drive by Salem.

Played in the pinched Big Red gym before a crowd of not more than 500 persons, including about two dozen from Salem, the game was all Struthers for three and a half quarters. Not until five and a half minutes remained in the tilt, did the Quakers knot the count, after trailing throughout.

Harassed and rattled by Coach Howard Heidman's pressing 3-2 zone all the way, the Quakers were not their effective selves most of the night. The low point of the tilt came at the start of the third period, trailing only four points, 28-24, at half-time.

Despite his top-scoring 23 point performance, Pager suffered one of his infrequent "off nights." The big lad was getting layups most of the time, but was missing half of them. He scored heavily on rebounds, sometimes following his own throw.

His poorest exhibition was in the late stages of the fourth when he led the ball stolen from him four times, while trying to dribble, resulting in three Struthers buckets.

Kelly's game until his banishment in the fourth on personals, was outstanding in all departments. He was aided by Wilford "Biggie" Faulkner, who equalled Kelly's 11 points. Faulkner, who sat out more than a quarter, took six shots and canned five of them.

Miner, Pete Cain and Carl Ciccozzi contributed some valuable points to the cause, and a lot of scrap. Cain worked well under the hoop, as Salem controlled both backboards.

Four players, Frank, Skvarka, Yurick and Mediate clicked in 50 of Struthers' points. Skvarka, also a football star, was the Big Red floor general. He was fouled frequently and pitched in nine free throws.

The losers seemed to be definitely "up" for the game and played out the string for all they were worth. At no time did they look like a team that has lost 12 ball games.

Salem's offensive game didn't resemble their recent efforts. Only one shot was taken from beyond the foul line all night. The ball was moved around to better advantage and resulted in better shots at the hoop.

A tendency to get rattled and careless led to most of their trouble during the first half when they gave away baskets on a wholesale basis.

The Quakers hit the hoop on 24 of 62 field goal attempts for a very good 39 per cent, the result of taking shorter shots. They tossed in 11 of 23 free throws, while Struthers converted 12 of 19.

Struthers took 78 heaves at the hoop, 16 more than the Quakers, making 22 baskets for a 28 per cent mark.

## Pro Football Easier To Coach Than Collegiate, Paul Brown Tells Writer

BY FRITZ HOWELL

Ohio AP Sports Editor

COLUMBUS, Feb. 14.—Coaching a professional football team, says Paul E. Brown of Cleveland's two-time All-America conference champs, is easier than handling a college club.

But Brown has never been one to insist on an easy job, or shy away from a tough one. All of which may be one reason rumors are rampant that "Precision Paul" should be get an offer, might embrace a chance to return to Ohio State—this time as athletic director and coach.

A Minneapolis sports writer, quoting a purported interview with Dick Larkins, Ohio State athletic director, brought the Brown-OSU affair into the open yesterday. Larkins denied he had made a statement to the Minneapolis scribe that "Brown has started a terrific drive in Columbus and around Ohio to return as football coach at the Buckeye state. Brown is not happy in the pro atmosphere. He has a good bank account and wants to coach college kids again."

And Brown, in Columbus yesterday to show the Browns' 1947 football film to assorted sports writers and radio men, also denied starting a campaign to return to return to Ohio State.

The Cleveland mentor declined to be drawn into conversation regarding whether he would again take over the Buckeye reins should the opportunity present itself. Answering a question, "would you rather coach college than professional football?" Paul said:

"Some of the happiest days I ever spent were in Massillon, as a high school coach."

Professional football, Brown said, is easier to coach because "you don't have that continual pressure and your recruiting problem is simplified. Discipline is easier, too, for all you have to do is threaten to cut a guy off the payroll and he sees things your way."

"The pro game is just glorified intercollegiate football, with the pass offense and defense more highly developed."

Taking cognizance of the "disturbance" caused by the signing of Ohio State players by the Browns, the Cleveland coach said:

"I am in the professional football business, and I want the best players I can get. I'd be foolish to sign 'hamboozle' a boy into signing a pro contract if he were happy in his intercollegiate playing. Such a boy would do us no good."

"But take the case of Dean Senzanga. He signed with us, and it wasn't because of the money. He signed because he wanted to play football. He signed because he wanted to play with us and with Ohio State."

Brown continued: "If I were a college coach, I'd battle just as hard to keep my boys who are eligible for pro ball as I do to get them to sign. It's all business, and depends which side you are on."

The Clevelander said he'd try to keep the Browns the class of the All-America conference "just as long as I can. I'm not a good loser. I'd rather win a game before 1000 fans than lose one before a gate of 80,000."

When the meeting ended no one except Brown, was certain whether he had an idea in the back of his mind he might someday return to Ohio State, where his 1942 team won the national championship. And Paul wasn't saying.

## BARONS STACKED AGAINST HERSHEY

Will Be An Attempt To Even Things With Them That Whipped Them

(By International News Service)

The Cleveland Barons will be at top strength tonight when they try to even things up against the Hershey Bears in their American Hockey league battle in Cleveland.

Hymie Buller, veteran defenseman out for the past week with a bad shoulder, is back in uniform and expected to provide some rugged help in downing the chocolate owners.

So far this season the Bears have beaten the Barons twice, while dropping one contest themselves. Hershey is the only team that has whipped the Barons in Cleveland's last 15 games.

Other games scheduled tonight include Providence at Philadelphia, Washington at Pittsburgh, Indianapolis at St. Louis and New Haven at Springfield.

In last night's only battle the Washington Lions upset the league-leading Pittsburgh Hornets, 5-3, on the winners' ice.

## Bowlers Split Big Melon In Tourney

CHICAGO, Feb. 14.—High-pressure money, bowling, and a big peak today as four pin-spillers, toe the mark in a four-game series for a crack at all or part of a \$5,000 melon.

The one-hour event is Petersen's "bonus rolloff" with the four top men in the "Petersen individual classic," which ended last Sunday, competing in the anti-c-max.

The quartet consists of Emil Wansa of Lincoln Park, Mich., winner of the \$5,100 first prize in the classic, Buddy Bomar of Chicago, Semo Stach of Wheeling, W. Va., and Paul Krumke of Chicago. They finished behind Wansa in that order.

At the conclusion of each game today, the high scorer will receive \$1,000 and another \$1,000 will go to the top scorer of the four game series.

## Strikes To Spare

Mildred Kline, bowling with the Salem News team in the Masonic Womens league Wednesday night, topped the entire league with a 558 series. Her games were 202-163-193.

Kellys walked off with the team honors, firing an 803 game and a series of 2308.

Other individual leaders were: 507—Mild Harroff, Kellys 494—Caldwell, Kellys 479—Akens, Kellys 457—Marj Harroff, Kellys

## All-America Clubs Want Share of Top Players

CHICAGO, Feb. 14.—The Baltimore Colts and Chicago Rockets united today to demand that other All-America football conference clubs "divvy up" playing talent to reinforce the two weak members for the 1948 campaign.

There were prospects as A.A.C. representatives opened their annual winter meeting at both Baltimore and Chicago, which won only three games between them last fall, would be materially strengthened by shifts of player personnel controlled by stringer outfits.

Philadelphia — Joey Fagan, 138, Philadelphia, outpouted Bobby Williams, 142½, New York, 8.

## Demareto Hold Leads In Rio Grande Valley Open

HARLINGEN, TEX., Feb. 14.—Jimmy Demareto held a four-stroke advantage today in the \$10,000 lower Rio Grande Valley golf open.

Demareto, the Texas who gives Ojai, Calif., as his address, led the way into the third round with a 13-under-par 129 for 36 holes. He shot a blazing 64 to pull into commanding position yesterday.

Lloyd Mangrum of Chicago edged into second place with a 65 that gave him a total of 183. Clayton Haefner, Charlotte, N. C., is one stroke back of Mangrum.

Amateur Frank Stranahan of Toledo, shot a 68 to go with his 71 in the first round and moved into a tie for thirteenth place.

San Francisco — Joe Maxim, 179½, Cleveland, outpouted Tony Bonapich, 191, San Francisco, 19.

## Ore Shipment Stockpiled Near Ohio

PROBABLE, Feb. 14—The United States Department of National Defense today was apparently using the word "stockpile" for strategic reserves of 300 carloads of chromium ore, shipped from Russia, waited to be loaded to already towering stockpiles of the mineral.

According to waybills, the ore was shipped to the navy yard at Point Pleasant and purchased by the U. S. Treasury department from the Russian government.

A navy yardman estimated there were close to 5,000 carloads stocked at Point Pleasant.

to 70,000 miles a month with all their vehicles. The road monsters, carrying up to 20 tons payload, burn 12,000 gallons of gasoline each month, getting from three to eight miles per gallon. The tractors carry 145 to 175 gallons of gas in their tanks and thus never need stop on trips to refuel.

The average round trip for the firm's trucks is 200 miles, although many hauls go to the East coast. The drivers are on the road from one to three days at a time on the longer runs.

A new tractor-trailer rig costs \$7,000, with the tractor selling for about \$4,000. Licenses for the outfit run up to \$250 in Ohio alone, with smaller fees paid in other states. Another big expense item in the trucking business is tires. Frequent blowouts are the rule, rather than the exception.

Herron drivers, like those of other firms, are trained to drive carefully and safely. If they don't, they aren't with the company long.

The insurance firm which covers the company has checkers on the road, constantly watching drivers' tactics. They sometimes follow a single truck for hundreds of miles in their special cars. When the truck driver commits a traffic violation, the checker snaps a still photo or movie of the truck.

When the driver returns from his trip he is shown the pictures and warned or sometimes discharged. Cases have occurred where the driver has been stopped and sent back home by the insurance checker because of a flagrant violation. In such case, the company must send out another driver to finish the trip.

The firm has no recourse but to follow the insurance company's instructions, since refusal would mean cancellation of their insurance coverage.

An interesting, complicated and expensive business, this trucking.
